

DEMOGRAF AUDIO · COLLECTION

Dominion

Single-ended Class A on transmitting tubes.

Made by Dmitriy Gubchenko. Every unit ships with a Manufacturing Record stating its country of origin and a bill of materials.

About the collection

High-power tube amplifiers, 15–25 W per channel, for any headphones and any loudspeakers.

Dominion gathers the high-power tube amplifiers of the range: Endymion on the 845, 211 or 805, Ether on the GM-70 / GK-71 and Helios MkII on the G-811, all of them transmitting tubes. All three are single-ended and run in pure Class A, with 15–25 W per channel, for any headphones and any loudspeakers.

The name comes from the Latin for a domain: the territory of high power.

Models

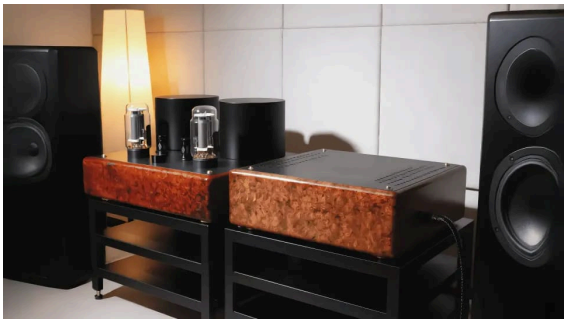

TUBE AMPLIFIER

Endymion

Pure Class A single-ended amplifier on 845, 211 or 805 triodes, 15–25 W

Output tubes	2 × 845
Power per channel	15–25 W
Circuit	Class A

demografaudio.com/amplifiers/endymion/

TUBE AMPLIFIER

Ether

Class A single-ended amplifier on GM-70 Triode / GK-71 Pentode transmitting tubes, 25 W

Output tubes	2 × GM-70 Triode / GK-71 Pentode
Power per channel	25 W
Circuit	Class A

TUBE AMPLIFIER

Helios MkII

Class A single-ended integrated amplifier on G-811 triodes, 15 W

Output tubes	2 × G-811
Power per channel	15 W
Circuit	Class A

The models compared

	Endymion	Ether	Helios MkII
Type	Tube amplifier	Tube amplifier	Tube amplifier
Amplifier class	Pure Class A	Pure Class A	Pure Class A
Output tubes	2 × 845 (211 / 805 optionally)	2 × GM-70 Triode / GK-71 Pentode	2 × G-811 or other types optionally
Output power	845: 20 W per channel at 8 Ω, single-ended (push-pull option: ×2); 211: 15 W per channel at 8 Ω, single-ended (push-pull option: ×2); 805: 25 W per channel at 8 Ω, single-ended (push-pull option: ×2)	25 W per channel at 8 Ω (Push-Pull version with double power available on request)	15 W per channel at 8 Ω (Push-Pull version with double power available on request)

	Endymion	Ether	Helios MkII
Load impedance	8 Ω (4 Ω / 16 Ω winding available on request)	8 Ω (Optional: 4 Ω / 16 Ω customisation)	8 Ω (Optional: 4 Ω / 16 Ω customisation)
Weight	From 45 kg / 99 lb	About 130 kg / 287 lb in total: amplifier about 30 kg, power supply about 100 kg	From 45 kg / 99 lb

Key parameters; the full table of every model is on demografaudio.com/amplifiers/.

Materials & build

Endymion

The amplifier is built on two chassis. The external power supply carries four 6D22S kenotrons, galvanic isolation, choke filters and custom-wound power transformers, so the audio circuit stays quiet even on a contaminated mains grid.

Ether

The external power supply uses kenotron rectification, galvanic isolation, bespoke chokes and custom power transformers.

Helios MkII

Two chassis: the amplifier and an external power supply with a kenotron rectifier, galvanic isolation, custom-wound transformers and chokes. Mundorf silver capacitors are part of the standard build.

Build, warranty & delivery

- Built individually, to order. A 50% deposit places the unit in the build queue.
- Build time is six months or more, depending on the configuration and the queue.
- One-year warranty; after it, paid repair. Every unit ships with its own measurement report.
- Configuration, prices in your currency and the seller for your country: demografaudio.com

How is it delivered?

Shipping and insurance are paid by the buyer and shown as a separate line in your quotation. Every unit is packed for long-distance transport in heavy-duty flight cases and a wooden crate.

Mains voltage

Every piece of gear can be built for 100 V, 120 V or 230 V mains with the matching plug (NEMA, Schuko or BS 1363 / Type G). Voltage is fixed at order time.

The path of an order

01 **Write to us** Tell us which model you are considering and what system it will serve. We answer within two working days.

02 **Consultation** We discuss your room, your sources and your listening habits by email.

03 **Queue deposit** A 50% deposit reserves your place in the build queue. Once we confirm the configuration, we send you an invoice for the deposit. Made to order: no returns except a defect we confirm. A video call with Dmitriy is included when an order has two or more items, and with every repeat order from a returning customer.

04 **Assembly** When your slot in the queue comes up, the build begins. We tell you the date, the unit number and an estimated month of completion.

05 **Measurement & balance** After final measurement you receive the report; the balance is due before shipping.

ORDER & CONTACT

Write to us on **demografaudio.com/contact/**: we answer within two working days. E-mail: **shop@demografaudio.com**.
